### Dean Briggs - 1981 Spectre Formula Vee

Growing up in a motorsport family and seeing my dad (Brian Briggs) racing various cars and restoring many cars for himself and customers over the years it was inevitable that I'd end up racing something historic. I have had my eyes on formula Vees since the early 1980's as this was the most exciting, close, open wheeler racing I had ever seen. Before I purchased the Vee I came to this awesome event year after year dreaming of owning a car and participating, now here I am, I just had to do it.

In 2016 I purchased my car, a 1981 Spectre Formula Vee, in a rather sorry state and commenced the restoration work, this took me until July of the following year to get on track. The car has an extensive Victorian race history, originally built in 1981 from a kit purchased by the late Ken Dodge. I was thrilled to receive a letter from Kens wife when she learned I had restored the car back to its original look and was enjoying it as much as he did.

The paint scheme it adorns today closely resembles its original livery, even its original race number of 5. I'm also restoring a 1984 Elfin NG EP Formula Vee back to its original factory raced livery. I've always wanted an Elfin, hopefully it will be here next year.

Since the restoration I have loved the experience of travelling with my best mate, two brothers and dad to SMP, Wakefield, Sandown, One Raceway, Winton & Phillip Island to race my Historic Formula Vee. The journey so far has been brilliant. The friends I have made, the people I have met, it has all been amazing. Nine years on and I've scored a few wins, my first here at the Classic a few years back, but most importantly I've had awesome fun just being out on track racing. Vees are unique to drive, the cornering capability is much better than you would imagine, but the straight-line performance not so, but when you come to Phillip Island the slip stream is so important. If you get it right it can improve your lap time by 2-3 seconds per lap. I'm also the President of the HFVAA (Historic Formula Vee Association of Australia), which is an honour for

me as a fan of the category and sport. This year is the celebration of 60 years of Formula Vee in Australia. The history we have here in Australia is extensive. In my opinion, Historic Formula Vee is simply the best value for money, fun, exciting open wheeler motorsport in Australia. Our Vb class has just received approval from Motorsport Australia to extend the eligibility cutoff date from Dec 1985 to Dec 1991. We are excited to provide the opportunity for additional cars join us out on track and save these precious cars from rotting away in garages all over the country.
